Promise Land Church Meeting Saturday at 12

All officers and members of the Promise Land Baptist Church are asked to attend the church meeting this Saturday at 12 o'clock. Plans for the association and the annual revival will be presented. Other business matters will be discussed.

Regular preaching service was held at the Galilee Baptist Church last Sunday morning. The pastor delivered a special Father's Day sermon. Special music was rendered by the church choirs. The entire service was enjoyed by all.

An overflow crowd of relatives and friends attend the funeral service for the late Mr. Willie Arthur Jones last Thursday at 4 p.m. in the Chestnut Grove Baptist Church. The Rev. B. Q. Lawing, Sr. officiated and delivered the eulogy. He was assisted in the service by the Rev. Wyatt Venable. The floral designs were in large numbers. West Funeral Home was in charge of arrangements.

The general public is invited to attend the annual St. John's Day celebration of the Long Mountain Lodge No. 204 at the Mount Shiloh Baptist Church this Sunday evening at 4 p.m. The Rev. H. W. Pryor will deliver the annual sermon. Special music will be rendered by the Mount Shiloh Senior Choir.

Vacation Bible School is being conducted at the Mount Shiloh Baptist Church this year at 7 p.m. to 9.m. each evening this week. Members and friends are cordially invited to come out. Sister Georgia Fleshman is the director of the school.

All officers, members and friends are asked to attend the regular preaching service at the Promise Land Baptist Church this fourth Sunday morning at 11 a.m.

Mrs. Alice LeGrande of the Promise Land Community is on the sick list. We trust she is improving.

The Appomattox Assembly will hold its June meeting in the First Baptist Church next Wednesday, June 27 at 7:30 p.m. All officers and representatives and friends are requested to attend. Special information will be presented on the workings on the assembly.

WISDOM FROM ABOVE

Lesson for June 24, 1979

Background Scripture: I Kings 3:5-28; 4:29-34

Focal Passage: I Kings 3: 3-14

. . . "Because you have asked (for wisdom), and have not asked for long life or riches or the life of your enemies, but have asked for understanding to discern what is right. . . behold, I give you a wise and discerning mind. . ."

LETTING GOD KNOW YOUR NEEDS

King Solomon was a deeply religious man. He "religiously" practiced the ancient ritual of offering sacrifices and burnt offerings. Our lesson opens with Solomon going to worship at the altar in Gibeon. The picture we get is of a man who has something on his mind. His initial act is to attempt to get God's attention by offering a sacrifice. But God simply comes to him in a dream and says, "What do you need, Solomon?"

The picture is a familiar one. The notion that one must do something in order to get a response from God is held by many persons consciously or unconsciously. In our language we believe that we must perform some sort of ritual act in order to get God's attention. Many of us haven't learned that God is like a kind and understanding father, namely, someone we may turn to in time of need.

In deep humility Solomon asks God for a measure of wisdom that he might be able to lead and govern the people. It makes you wonder, doesn't it? It makes you wonder how different things might be if all people at the top positions in government practiced prayer. Sound ridiculous? It isn't. Anyone, whether they happen to be President of the United States or a farmer who makes a living from tilling the soil, can do a better job simply by asking God for help.

This doesn't mean that God will take over and do our jobs for us. It does mean that He will give us wisdom to do what is right for ourselves and for others. When we are faced with difficult decisions and tasks, we may discover a source of strength and wisdom by simply sharing our needs with God. We may simply pray, "God, I'm really up against the wall as to what I should do about this matter. I'm not asking you to do it for me, but I asking you to give me understanding that I may do what is right."

GOD'S WILLINGNESS TO ANSWER

God was "tickled" with Solomon's humble request. It was like a "breath of fresh air" for a political monarch to ask for help from God! Even more refreshing was the fact that Solomon did not come asking for long life and a new Cadillac! Although God initiated the communication between Himself and Solomon, the latter came asking for a heart and mind of wisdom. God's response, "Ask what I shall give you," was His way of getting at Solomon's intentions. And Solomon passed the test with flying colors!

Solomon's request and the manner in which he asked for it is echoed later in the New Testament. Jesus said, "Seek ye first the kingdom of God and His righteousness; and all these things shall be added unto you" (Matt. 6:33). Solomon was granted the measure of wisdom he requested. And because God was pleased with Solomon's intentions, He also rewarded him with material gifts.

This does not suggest that everone who asks God for wisdom will receive a million bucks, even if we ask in the right spirit. But it does mean that if our intentions are right our needs will be taken care of.

PUTTING WISDOM TO PRACTICE

Solomon began immediately to put his wisdom to practical use. He gained a reputation for writing proverbs and composing songs. He used good wisdom in deciding a dispute between two women over a baby.

People in "high places" are called upon to make decisions that affect millions of people. Some of these people are highly paid to make right decisions. When they make the wrong decisions they may find the road to failure a rough one. A nation and its people farewell when the leaders at the top practice the art of asking God for help in making crucial decisions.

Dr. Trimyer is pastor of Elon Baptist Church in Pamplin, Virginia.

CAPTAIN HIRAM BOONE TO RETIRE AUGUS. 1

Continued From Page 1

"However, now I feel that retiring is something I would like to do and I have decided now is the right time to do it. While I definitely plan to remain active, first I want to set aside a reasonable period of time for rest and relaxation - maybe even do a little fishing."

Colonel D. M. Slane, Department Superintendent, confirmed the announcement by Captain Boone. "Captain Boone has served in the highest tradition throughout his early 33 years of service with the Department," said Colonel Slane. "He has been an outstanding member of the law enforcement community and has gained the respect and admiration of all who know him."

Since joining the Department in 1946, Boone has served in every capacity from trooper to captain in both the field and headquarters positions. From September 1969 until April 1971, he was commander of the Third Division in Appomattox and from April 1971 to July 1974, he was Records and Statistics Officer at Administrative Headquarters in Richmond.

A native of Marion, Boone served in the U. S. Army, Field Artillery Division, for four years prior to joining the Department. He saw active duty in China, Burma and India.

He is married to the former Mattie Preston Sutter of Marion. They have one daughter, Mrs. Robert Betors of Richmond.

NEWS OF MUSIC

Search For Young Talent

The John F. Kennedy Center and its National Black Music Colloquium are sponsoring a new music project designed to find talented young pianists and string players across the U.S. and provide them with a unique opportunity to gain national recognition.

Auditions are scheduled for July 15 and 16, 1979, in Atlanta, Chicago, Houston, Los Angeles, New York and St. Louis.

Prizes total $10,000 and regional auditions in the National Black Music Colloquium and Competition are scheduled for September in Atlanta, Chicago, Houston, Los Angeles, New York and St. Louis.

The project will culminate in January, 1980, with master classes, the colloquium and finals of the competition at The Kennedy Center. Two national winners—a pianist and a string player—will receive $2,000 each and be featured in a joint concert at the Center's new Terrace Theater. Regional winners will receive $500 each.

YOUR LIFE INSURANCE
Prepared by the American Society of Chartered Life Underwriters.

Q. I'm 35 and doing very nicely thank you, so I'm looking for an insurance policy that will protect my family now and provide income for my retirement years later on. What kind of policy can you suggest?

A. Many people in your situation opt for an endowment insurance policy. It provides for payment of the face amount of the policy to your beneficiary if anything happens to you within a specified period of time, such as 20 years, or for payment of the same amount to you at the end of that period.

There are insects and disease problems around. Looks like a lot of scab in some wheat fields. This will lower the bushel weight; also, if you plan to feed this wheat -- remember the precautions on feeding scabby wheat.

* * *

We've observed quite a few acres of problem corn. We don't have confirmation on this condition yet. Apparently it is restricted to one variety.

There have been a number of calls concerning aphids on tomatoes. Callers have usually tried seven and found that it did not work. Malathion does a good job of removing the aphids. As more and more pesticides become specific to a particular problem - we need to identify the pest and match with the correct pesticide.

The Virginia Board of Agriculture has adjusted the percentage of agricultural lime passing a 20 mesh sieve from 95 to 90.

Sieve specificaiton for regular agricultural lime sold in Virignia is 20 mesh - 90%, 60 mesh - 50% and 100 mesh - 30%.

There is also a 5% tolerance allowed. In other words, 5% of 90, 50 and 30 respectively is 4.5, 2.5 and 1.5. Subtracting these from the above percentage for regular agricultural lime gives 85.5, 47.5 and 28.5 as the minimum percentage that must be met before agricultural lime can be sold in Virginia.

According to a report from the Virginia Department of Agriculture for calendar year 1978, there were 8599 tons of agricultural liming materials sold in Appomattox County.

Last year in the U.S. there were 19 billion hot dogs or 87 per person manufactured.

The average hot dog contains 150 calories - about the same as 3 ounces of lean hamburger, corned beef, tuna fish or veal. Also approximately the same number of calories in 2 boiled eggs, 1 cup whole milk, 1 slice of pizza, 1 scoop ice cream or 10 french fried potatoes.

Each hot dog contains 5 - 7 grams of protein - about the same as one egg, 2 slices of bacon, 2 slices of bread or 1 oz. of cheese.

An economical buy, a pound of hot dogs, yields a pound of edible food with virtually no weight loss during preparation. Hot dogs may be frozen for up to 2 months. They should be left in their protective vacuum packaging which seals out air and locks in moisture. Once frozen and thawed, hot dogs should not be refrozen.
